## DRESS REHEARSAL OF ELKS PLAY WILL BE SUNDAY

A general movement of young men and women with suit cases in the business section of the city tonight will not mean that a wholesale elopement is in progress. The young people will be headed for the Elks club to be given the costumes they will wear in "A Chinese Honeymoon," the musical comedy to be presented at the Orpheum theatre next Monday, Tuesday and Wednesday evenings.

**Mrs. Agnes Warner.**  
As Mrs. Brown, the Official Mother-in-Law

The costumes for the fifty members of the cast arrived today. Appreciating that it would take some time to fit out the amateur players, T. E. Pardee, the director, called the rehearsal for 7 o'clock instead of 8 o'clock tonight. The first hour will be taken up in assigning costumes, the young men and women to have any necessary alterations made.

**A. H. Sander.**  
As Captain Tom Hatherington in "A Chinese Honeymoon"

Some of the costumes will be worn tonight, but the regular dress rehearsal will not be held until 10 o'clock Sunday morning, in the Orpheum theatre, when the entire show, including all songs, dialogue, dances, encores and stage "business" will be gone through. The dressing rooms will be assigned so there will be no confusion on the opening night. It is believed that affairs will be so arranged by Monday that the delay between the first and second act will be no longer than the intermission of professional productions.

## RED CROSS SEALS FOR CHILDREN'S AID

The Children's Aid society is to have charge of the sale of Red Cross seals in the city this year. Ninety per cent of the funds derived from the sales is to be devoted to local charitable work by the society and the remainder sent to the National Red Cross society, to be used in the work that is being done for the prevention of tuberculosis.

It has been explained by a member of the Children's Aid society that, although the little stickers that are placed on Christmas packages each year bear the name "Red Cross seals," the funds do not go to the Red Cross society, but for local charity work. The local charitable organization depends to a considerable extent on this source of income for its work in Ogdens at this time of year.

Two boys, Edward Phillips of Chicago, and Joseph Middleton of Salt Lake, each 17 years of age, escaped from the State Industrial school last evening at about 6 o'clock, but were captured this morning by Parole Officer E. M. Rowe at Cache Junction, Cache county. The boys made their getaway by evading the guard. They will be returned to the school this afternoon.

## POSTOFFICE BOXES MUST PAY MORE AFTER JAN. 1

Beginning January 1, local renters of postoffice boxes will have to pay a higher fee than at present for that privilege. The reason for the increase, as stated by Postmaster W. W. Browning today, is that the annual business at the postoffice has passed the \$100,000 mark, which makes the third "jump" since it became a first-class office.

In compliance with the postal regulations bearing on this department, the fees will be raised as follows: The boxes that now cost 75 cents per quarter, will cost \$1 after the first of the year; the \$1 boxes, \$1.50; the \$1.50 boxes, \$2.00 and the \$2.00 boxes, \$3.00.

The office has nearly 1000 boxes and most of these are in use.

Coming next Sunday night only, "Blood Will Tell," the greatest 3-reel feature ever shown in the city at the Globe, 5 and 10c.

**ARGUMENTS ON THE MOTION FOR A NEW TRIAL**

This afternoon Judge C. F. Lofthouse of the Third district of Salt Lake is hearing arguments on the motion for new trial in the case of John S. Lewis against the Pingree National bank.

This is the suit in which Judge Lofthouse ruled that the massive front of the bank building on Washington avenue, between Twenty-fourth and Twenty-fifth streets, should be moved back to the property line. Damages were also awarded the plaintiff for the alleged trespass.

## LICENSE FOR HEATING PLANT HAS BEEN ISSUED

The Central Heating Plant company has secured a license for the erection of a structure at the rear of the Alhambra theatre, the Colonel Hudson and the De-Dees estates buildings on Twenty-fourth street and Hudson avenue, stating the cost of the structure to be \$2000. The plant is designed to furnish heat for the three buildings and it is probable that it will also be used for the heating of other places in the near vicinity.

The Scoville Sons company is erecting a warehouse on Grant avenue, between Twenty-fourth and Twenty-fifth streets, that will cost in the neighborhood of \$500.

Carl Rogers has begun the erection of a residence on Lincoln avenue, between Twenty-seventh and Twenty-eighth streets, that will cost something over \$2000.

## ANOTHER SMALLPOX CASE REPORTED IN THIS CITY

The following births were reported at the office of the city health department today:

To Mr. and Mrs. Harry J. Packham, a son, November 22; to Mr. and Mrs. Robert Ellis Hoggan, a daughter, November 18; to Mr. and Mrs. Albert Williams, a daughter, December 3; to Mr. and Mrs. Peter Weidner, a son, November 28.

## OGDEN NOW HAS ITS THIRTEENTH WELL FLOWING

The thirteenth artesian well for Ogdens City has been sunk on Ogdens river near Huntsville, and it is said that it furnishes a flow of about 400 gallons of water each minute. The flow of water from the series of wells approximates the quantity used by the city in the summer season, between 6,000,000 and 7,500,000 gallons each twenty-four hours.

The contractors are now sinking the 24-inch well to greater depths.

## ASSEMBLY HELD AT THE HIGH SCHOOL THIS MORNING

A "Shakespeare" assembly was held at the Ogdens high school this morning, under the direction of Professors Moron Olsen and Henley. An unusually fine program was given, the readings being given by members of the English and oral expression classes of the professors in charge.

Miss Dorothy McGraw read Matthew Arnold's sonnet, "Shakespeare" with a fine appreciation of its values and was accorded a big round of applause for her effort.

The song, "Drink to Me Only With Thine Eyes," was sung by a chorus of male students, with excellent effect. The "Funeral Oration" from "Julius Caesar" was read by Violet Hall, who showed much promise as an exponent of dramatic art.

Another unusually pleasing contribution to the program was the playing of the "Largo" from the "New World" symphony (Dvorak), by Mary Parmley. Miss Parmley is one of the city's rising violinists and her rendition of the Largo was up to her usual standard.

Frances Marsh, who has appeared on other programs as a reader, gave a scene from "As You Like It," that held the close attention of the students and her work, too, was thorough, appreciated.

In addition to these numbers, Professor T. Earl Pardee gave an excellent address on "Shakespeare and the Stage."

In the district court this afternoon, the Utah Automobile company commenced suit for a writ of mandamus to compel L. N. Fulton, clerk of the municipal court, to release a writ of garnishment in the case of J. S. Cantwell and William Robinson against the Utah company.

The complaint avers the judgment was rendered against the defendant company in the sum of \$12.80 which was paid in full and that a release of garnishment was demanded, the clerk of the lower court refusing to comply with the demand.

## REPORTER BEHIND THE FIRING LINE

In Flanders, via Paris, Dec. 4.—Behind the advanced line of the allies, which thus far has succeeded in holding back the strong forward movements of the German troops, are large bodies of fresh reserves, ready to give their help in stopping any attempted rush of the Germans.

The artillerymen, who often have suffered severely from the destructive fire of shell and shrapnel, have now learned to seek proper cover and conceal their positions, so that hostile airplanes rarely can discern them.

Aeronauts are compelled to keep to a considerable height in consequence of the accuracy of the fire from below. The military authorities have ordered them not to run any greater risks than are necessary since each airman is a valuable asset whose loss would be almost a calamity to the army to which he is attached.
